7. Guest presentation on CCC Civil Defense Emergency Management (CDEM).

- Community Resilience Coordinators: Rachel Hunt, Aviva Cui and Nathan Black
CMC has been working with CDEM very closely especially after earthquake etc, now with Sarah & Viviana at INFoRM Meeting. Met with Rachael, Nathan and Aviva online. Discussed how CMC and members can work together.

Rachel – working at 2 areas;

- Public education – communities, schools - how to get prepared, what we do.
Community response plan for particular communities.
Each community needs to be prepared for emergencies. Discuss what is needed, taking into account specifically unique aspect of the community.
Community hub - could be church, hall etc.
(Some communities only have a few members, others are big enough to have their own facilities)
Food distribution – community needed most, stay overnight
Civil defense will be opening emergency hubs and announce the location once they are set up. Until then communities need to support each other.
What is the response plan for your community - which hazard? Earthquake, tsunami, floods? Do you have space?
Door knocking? Identify what your community doesn't have? Physical resources, food, generator?
May want to apply for fund to be prepared for emergency situations.
For example, Bank Peninsula could be cut off, city – how do we communicate?
Setting up community hub, how to use.

If interested, CDEM can have a session for more explanation.

- Resources
Community hub / Communication /
CCC encourage each community to be prepared – be comfortable feel safe and privacy secured and connecting people together.
Now is the time to think
3 personnel allocated for the work.
CDEM – train every week – volunteers

4 general teams. 1 x team emergency (people need social support)

Community hub – setting up hub look after yourself

Viviana – CDEM preparedness plan survey / ethnic communities what facility (to be followed up by Rachel)
If needed email to reach Rachel and others.
